

## PROCESSOR/PACKAGER CERTIFICATION

DEMETER ASSOCIATION, INC.  
hereby certifies that

### MARIAN FARMS of Fresno, CA

has been approved for processing according to the guidelines summarized below and has the legal right to make use of our certification and logo on qualifying products.

#### SUMMARY OF DEMETER® PROCESSING STANDARDS

1. 95% of product being processed/packaged must be from Demeter Certified Biodynamic® sources.
2. The raw and finished products may not be mixed with non-certified product or be subjected to chemical or pest contamination during shipping, storage, or processing.
3. Processing facilities and procedures must meet Demeter Association processing standards as well as all current government standards and regulations.
4. Both the farm(s) and the processing facilities involved in the production of certified product must be evaluated by annual written applications and on-site visits. Product testing for chemical residues may be required.
5. Records must be maintained by the certificate holder and the certified farmer(s) such that the processed product can be verified from the retail marketplace back to the farm of origin.
6. Rights to use of certification marks or language are contracted annually and are not transferable.

#### **Certified: Processing of Almonds and Raisins, Distillation (See Product Profile)**

**Only the products listed in the attached Product Profile are eligible to carry the Demeter certification marks.**

Date: June 7, 2011
